## Ongoing Support System:

1. Daily Team Check-in (weekdays)
2. Weekly Support & Study Group Call
3. Monthly one-to-one coaching call
4. Private & supervised Facebook Group

## Individual Participation Requirements:

1. Commitment to individual & team success
2. PC, laptop or tablet with Internet access
3. Smartphone with Whatsapp
4. Teleconference software (TBA)

**Group Size:** Maximum 12 participants

**Investment:** £49 monthly, by direct debit

## Identity Vision Mission Purpose

The project aims to support, mentor & develop talented people with additional needs. The anticipated result is that participants will be proud of themselves and their projects, and enjoy being a contribution to their communities.

## The Problem Worth Solving

Support systems are sparse or disapperaing and expectations are low for many high-functioning people who may need additional understanding and support, or who are otherwise disadvantaged by the way society is set up or mis-managed.

## The Team Leader

Co-founder of community radio station - Access All Aerials - and former community development manager with one of the UK's oldest disability charities, Carl Munson has a proven track record of helping people create & achieve their dreams & fulfil their potential.

## Ideal Participants

- People who are finding it hard to fit in to, or are excluded from, conventional and formal systems of work, training & education
- People trying to make sense of life and how the world works, but have great ideas, passion and dreams
- People with dreams (BIG or small) and talent, who don't know where to begin, follow through, and achieve success on their own terms.
